

Taiar Electrical Engineering LLC is like a lighthouse, guiding clients safely through their electrical projects

Contact Info

-   +47 409 99 235
-  Oscars gate 27, 0352 Oslo, Norway
-  info@taiar.no
-  www.taiar.no

Business register number and the electrical enterprise register number: 831629002

ELECTRICAL ENGINEERING DESIGN SERVICES

- Lighting Design
- Emergency Lighting Design
- Emergency Power System Design
- Short Circuit Calculations
- Voltage Drop Calculations
- Cable Scheduling
- Load Calculations
- Electrical Equipment Specifications
- Power/ Data/ Fire alarm/ Camera/ Access control -Riser Design
- Fire Alarm Systems
- Burglar Alarm Systems
- Voice Alert
- Data
- Access Control
- CCTV

BIM Model (3D)

Electrical Drawing

Electrical BIM Modelling and Coordination Services

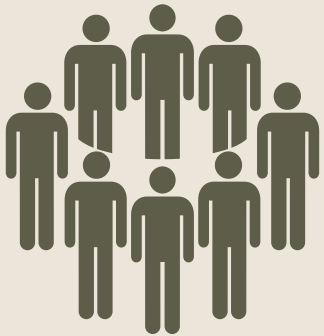

- Highly fidelity electrical BIM model
- Detailed BIM model (LOD 100-500)
- BIM model with fully parametric electrical families for fabrication
- Providing details into model for scheduling, cost estimation, and ITO
- Clash detection for minimum electrical system clashes
- Generating clash report to simplify electrical design change order
